A BOUT WITH EXPERTS

Authorities on Handwriting Have a Regular Field Day.

CONFLICT OF THE TESTIMONY

Expert Charavay Who Had Previously Declared That Dreyfus Was the Author of Bordereau Reverses Himself.

Rennes, Aug. 28.—When the fourth week of the second trial by court-martial of Captain Alfred Dreyfus of the artillery, charged with treason, opened General Mercier, who was minister of war when Dreyfus was first tried in 1894, was present, as usual, in the front row of the witness seats, thus definitely settling at rest the reports as to his having fled to the island of Jersey and as to his arrest.

The first witness called was M. Paray-Jauvel, the draughtsman, whose evidence was interrupted on Saturday by the adjournment of court.

M. Paray-Jauvel was called by the defense to refute the system by which M. Alphonse Bertillon, chief of the anthropometric department of the Paris prefecture of police, last week attempted to prove that the prisoner wrote the famous bordereau in a disguised hand and by means of a keyword "interest," and that it could not have been written by Esterhazy although the document was in a handwriting resembling that of Esterhazy.

With the aid of a blackboard M. Paray-Jauvel demonstrated the fallacy of M. Bertillon's calculations and criticized the latter's unfairness in not subjecting Esterhazy's handwriting to the same tests as the prisoner's writing. At the same time the draughtsman declared that even if M. Bertillon had done so, the results would not have proved anything.

In brief, the morning session may be said to have been a field day for the handwriting experts, who devoted themselves to destroying one another's evidence. The public followed the depositions listlessly, but the judges and counsel listened with the greatest attention.

General Mercier did not appear to be very cheerful. He hardly said a word to General Gougeon the whole morning, but during the brief suspension of the court's sitting he and General Gougeon and Roget walked up and down the court yard of the Lycee engaged in conversation.

The center of interest in the courtyard was Captain Freystaetter, of the marine infantry, who testified so favorably to Dreyfus on Saturday and who seemingly gave the lie to Colonel Maurel, who was president of the court-martial of 1894, in a most important feature of the latter's evidence. His fellow officers ignored him.

When the first two witnesses had testified and argued against M. Bertillon's system, it was the opinion of the sympathizers of Dreyfus that if the statements of the witnesses were correct they had simply pulverized M. Bertillon. The latter wished to reply, but the president of the court, Colonel Jouaust, declined to allow the specialist to go over his evidence again, taking the ground that the evidence would never end if every expert did the same.

An Amusing Incident.

An amusing scene followed. M. Bertillon pleaded that he had personal statement to make and mounted the platform. But he had hardly uttered a half dozen words when Colonel Jouaust saw he was merely re-grinding his evidence and to the great satisfaction of the audience, curtly told the specialist to leave the platform which he did discomfited.

M. Tesslonere's testimony against Dreyfus then followed and then M. Charavay, the expert, who had previously declared that Dreyfus was the author of the bordereau, was called to the witness bar. His testimony proved to be of the greatest interest, as he came to confess he had made an error and said he was now convinced that Esterhazy and not Dreyfus wrote the bordereau.

This announcement made a deep impression on the court, and was greeted with a general murmur of satisfaction. The next expert, M. Pelletier, also testified favorably to Dreyfus.

M. Couard, another expert, then deposed that as the result of his examination he had become convinced that the bordereau was not written by Esterhazy, but he could not say that it was written by Dreyfus, as he had not seen the prisoner's handwriting.

Jouaust then announced M. De Freycinet, who resigned as minister of war May 6 of the present year, and who was succeeded by M. Krantz, who in turn was succeeded by General Marquis de Gallifet on the downfall of the Dupuy ministry, would be among the witnesses this week and the session was

closed with the request that a rogatory commission be sent to Colonel Paty de Clam, whose illness has prevented his presence in court, to which Colonel Jouaust agreed.

This step does not satisfy the defense, but they acquiesce to the commission taking Du Paty de Clam's testimony on the principle that half a loaf is better than no bread.

ARMY APPOINTMENTS.

One Man From Ohio Among the List of Officers.

Washington, Aug. 28.—The following appointments in the volunteer army were announced, the numbers following each name indicating the officers of the regiment:

Tennessee, to be first lieutenant, H. V. Stevens, late captain Third Tennessee volunteers, Thirty-eighth infantry. This fills the quota from Tennessee.

From the army, to be second lieutenant, Davis C. Andrews, sergeant Fourth artillery, Forty-first infantry.

From Oklahoma, to be first lieutenant, James M. Wheeler, late captain First territorial regiment, Fortieth infantry. This fills the quota from Oklahoma.

South Carolina, to be first lieutenants, vice McGaughrln and Griffith, declined, R. F. Woods, late first lieutenant Second South Carolina volunteers, Thirty-eighth infantry; W. P. Crawford, late captain Second South Carolina volunteers, Fortieth infantry.

To be second lieutenants, Cullen E. Mitchell, late lieutenant Second Mississippi volunteers, Fortieth infantry, W. E. Utterback, late lieutenant First Mississippi volunteers, Forty-eighth infantry. This fills the quota from Mississippi.

From Ohio, to be captain, James M. Shallenberger, late lieutenant First Ohio cavalry.

BAR ASSOCIATION.

Annual Meeting of Noted Lawyers and Statesmen at Buffalo.

Buffalo, Aug. 28.—Judges, statesmen and lawyers of national prominence composing the American Bar association, men in the aldermanic chamber of the common council, were welcomed to the city by Sherman S. Rogers of the local bar association and Walter S. Logan of the State Bar association. Concluding his speech, Mr. Logan said:

"I welcome you to the state of Governor Roosevelt, Roosevelt, the rough rider, and Roosevelt, the president of the civil service commission. We welcome you to the state of Hamilton and Jay, of Kent and Van Buren; of Tilden and Cleveland; to the state which delights to honor its best and foremost citizens."

In the absence of President Joseph H. Choate, ambassador to the court of St. James, Senator Charles F. Manderson of Nebraska, as acting president, delivered the annual address.

The Revolutionists.

Santo Domingo, Aug. 28.—Some of the revolutionists are headed by Ramon Caceres and Horacio Vasquez. The towns of San Francisco de Macoris, La Vega Real and Cotuyare are in the possession of the revolutionists who are marching on this city. The government has sent a commission composed of C. N. Moya, Leon Vasquez, Espallat, Pena and Reynoso to meet and ascertain from the revolutionists what they want. Nothing will be done before the commission returns. Up till now not a single shot has been fired.

Another Kentucky Fend.

London, Ky., Aug. 28.—News has been received here confirming a report that a pitched battle took place Saturday evening between James Hayes and his three sons on one side and Senator William Clarke and Sherman Leadford on the other, on the streets of McKee, Jackson county. Clarke received three pistol wounds and his condition is critical. Young Hayes was shot in the breast and will die. Bitter feeling of long standing between the two families, which are the wealthiest in Jackson county, caused the shooting.

No Developments at Darien.

Darien, Ga., Aug. 28.—There have been no new developments in the negro riot since the arrest of John Delagel Saturday. The first regiment of Georgia volunteers is still here. The leading negroes of Darien have circulated a paper calling on every negro of the county to lay down arms, cease all defiant or abusive language and use every effort to preserve order and peace. No further trouble is expected, but the troops will remain while a special term of court is held to try Delagel and the rioters.

Hostile to the Government.

Puerto Plata, Aug. 27, via Martiniague, Aug. 28.—Although the city of Santiago de los Caballeros has not surrendered to the revolutionists, the spirit of the people is openly in opposition to the government. Here the government forces under General Juan Carredo are entrenched on two bills.

CONVENT WIPED OUT.

Destructive Fire Destroys an Institution at Sparkill.

FIVE PERSONS SUCCUMBED.

Two of the Little Tots Died of Convulsions After They Had Been Taken From the Burning Buildings.

New York, Aug. 28.—The entire group of buildings with the exception of the hospital, which comprised the convent of St. Agnes and orphanage in charge of the Dominican sisters, situated about half a mile from Sparkill, Rockland county, were burned, and as far as is known three lives were lost and many were injured, two of whom will probably die.

The fire started in the lavatory at the northwest corner of the group of buildings, nine in number, which faced the road to the south.

It soon communicated to building No. 1, which was occupied by the older boys. The lads were quickly awakened, and soon rushed to building No. 2 and in this manner word was quickly passed through the nine buildings and the sisters in charge of each soon had all the occupants of the dormitories out of bed. Along the back of the buildings a covered archway extended the entire length of the structures and from this archway the entrances to the several buildings opened. The fire ate its way with extraordinary swiftness through this arched hallway, which acted as a flue, and the flames were fanned by a northwest breeze, which forced them onward in their destructive sweep.

The work of getting the children out of the building was heroically performed by the sisters in charge, ably assisted by some nurses and monitors, as well as by many of the elder boys. People from the surrounding neighborhood also helped in the work of rescue. The alarm of fire was sent by telephone to the nearest town, but when the fire company from Pierpont arrived all but the hospital building had been demolished.

All of the children were taken out alive but two little tots, Helen Brown, 6, and Emma Mackin, 7, died of convulsions after they had been rescued.

An aged woman nurse known as "Jane" is supposed to have perished in the building. All the other inmates have been accounted for.

Kate McCarthy, a servant, who is suffering from a shock, will probably die and Theresen Murphy, 16, is also seriously injured. Six of the sisters jumped from the second, third and fourth floors of the buildings, but only one of them was dangerously injured. This is Sister Bertrand, who is suffering from concussion of the spine.

Sister Marie is severely burned and Sister Catherine had an arm broken. Sister Sienna, who assisted in the work of rescue, showing wonderful courage, collapsed after the children were gotten out, and remained unconscious for several hours. Sister Agnes, who climbed out of a fourth story window, had a miraculous escape from injury and possible death. After climbing out of the window, she took hold of the swinging shutter, swung herself free from the building and dropped to the ground without apparent injury.

In all there were 326 children, of whom 60 were girls in the institution when the fire broke out. There were also 40 sisters in charge, under the direction of Rev. Mother Peters.

Most of the children were sent to the orphanage through the Gerry society and police magistrates. All of the sisters and children, as well as the wounded, are being taken care of at the Blauvelt convent, which is about two miles from the scene of the conflagration.

About 25 of the children received injuries, none of which the doctors think will prove fatal.

The property loss is \$100,000. Kate McCarthy, the first victim of the Sparkill fire, is dead. All the injured are doing well.

A Shocking Tragedy.

Towanda, Pa., Aug. 28.—At Athedsboro Emmett Blanchard, 38, shot and killed an old man named Mingle and his own wife, and then turned the revolver upon himself and committed suicide. Mingle had come to the house for a pail of water. As he was leaving the premises Blanchard rushed out of the house and fired, his wife remonstrated and was shot dead. Then Blanchard shot himself, dying instantly.

Dewey's Visitors.

Nice, Aug. 28.—Admiral Dewey passed the day on his flagship, the United States cruiser Olympia. More than 1,000 residents of Nice visited the warship, expressing the greatest admiration and pleasure.

PENNSYLVANIA TROOPS

Are Welcomed Home From Philippines by the President.

Pittsburg, Aug. 28.—The Tenth regiment Pennsylvania volunteers, which was expected in Pittsburg at 9:30 a. m., was delayed on the road nearly five hours and did not reach New Brighton, Pa., until after 12 o'clock. A committee of Pennsylvanians met the regiment at that point and welcomed the members home. The train stopped at New Brighton for breakfast and at 1 o'clock started for Pittsburg.

President McKinley was notified of the detention and did not leave the residence of Mr. Pitcairn until nearly 1 p. m., when he entered a carriage and was driven to Allegheny, where he took his place in the parade.

An immense crowd has thronged the streets since early morning and much disappointment has been felt at the long delay.

The regiment reached Schenley park about 4 p. m. and the president made his address immediately upon their arrival.

Plan of Agreements.

Chattanooga, Tenn., Aug. 28.—The suit brought by S. M. Felton, receiver of the Cincinnati Southern railroad, to enjoin the Tennessee Central railroad from constructing its road across five different spur tracks of the Cincinnati Southern in Roan county, was tried on its merits before United States District Judge Clarke here. The court held that the Tennessee Central would, under the law, have a right in process for that purpose, to condemn the right of way and construct its road across the property of the Cincinnati Southern. By agreement, and in order to avoid the expense of condemnation proceedings, the court appointed H. O. Ewing special master to ascertain the right amount of damages, if any that the Tennessee Central should pay to make the said crossings. It has been reported that the Illinois Central is behind the Tennessee Central project, and, through it, was seeking to reach Knoxville, when it encountered the opposition of its rival, the Southern railway.

Bryan and Stone May Part.

Aux Vasse, Mo., Aug. 28.—That ex-Governor William J. Stone is preparing the way to drift away from Bryan cannot be doubted by those who heard Bryan at Tipton Friday and Stone at Aux Vasse Saturday. While both are against the taking of the Philippines, Bryan insists that the flag should be pulled down immediately, our forces withdrawn and the Filipinos given their independence, while Stone's views are radically different. So pronounced has the belief become that Stone is preparing for the parting of the ways with Bryan that certain state officers are discussing it under their breath.

Sergeant Crawford Captured.

Wallace, Idaho, Aug. 28.—Sergeant Crawford of company L, First cavalry, who escaped after letting the eight men out of the prison at Wardner Friday night, was arrested at Missoula, Mont., by the sheriff of Missoula county. He dressed in citizens' clothes, came to Wallace immediately after the escape and took the train. A detachment of soldiers was sent from here to bring him back. No trace of the escaped prisoners has been found.

Foothills Ablaze.

Denver, Aug. 28.—Forest fires, which it is thought were started by camp fires, are raging in the foothills near the entrance to Platte canyon, about 20 miles south of here. The fires started five miles up the canyon and burned over the mountain on both sides of the canyon, and are now devastating the timber section along the foothills. There are a number of ranches in this vicinity, and several of them have been damaged by the fires.

Railway to Be Absorbed.

New York, Aug. 28.—From semi-official sources it is learned that a deal is pending in Wall street whereby the Illinois Central may get control of the Minneapolis and St. Louis railroad. Negotiations to this end are said to have been under way for sometime between Harriman-Fish interests, representing Illinois Central, and President Edwin Hawley, representing the present control of the Minneapolis and St. Louis.

Sultan's Narrow Escape.

Morocco, Aug. 28.—Mulai-Abd-El-Aziz, the sultan of Morocco, had a narrow escape during a recent thunderstorm when an electric bolt killed several people, including two court ushers, who were standing within a few feet of his majesty. The occasion was the birthday of the prophet, and the sultan was receiving tribal gifts in the quadrangle of the palace.

Raisin Crop Burned.

Hanford, Cal., Aug. 28.—A fire at Armona, the cause of which is unknown, destroyed \$30,000 worth of property, including a large quantity of this season's crop of raisins.

HOSTS OF DEMOCRACY

Gather at Zanesville to Name Candidates on State Ticket.

RECEPTION GIVEN M'LEAN.

Kilbourne Managers Decide to Get Up a Counter Attraction When They Heard What Zanesville Committee Had Done.

Zanesville, O., Aug. 28.—While there are only a few of the delegates here for the Democratic state convention this week, yet most of the candidates and their workers are on hand.

The delegates will all be here for the regular district meetings of the committees in the evening, but the delegates constitute a small part of those attending this convention.

A full state ticket is to be nominated, including candidates for governor, lieutenant governor, attorney general, auditor, treasurer, supreme judge and member of the board of public works. With a dozen candidates for each of the minor places a large crowd is attracted as some of the candidates have a large retinue of lieutenants and workers accompanying them. It is estimated that there are about five dozen candidates with their respective followings here hustling for recognition.

For months there has been an animated contest in the 88 counties of the state for the nomination of governor between John R. McLean, Colonel James Kilbourne, Congressman John J. Lentz, General Isaac R. Sherwood, Mayor James A. Rice, Charles L. Haskell, Colonel James P. Seward, Horace L. Chapman and others.

The contest was really between McLean and Kilbourne as the delegates instructed for the others were also listed on their second choice for either McLean or Kilbourne. During the past week it has been the field against McLean, but the closing county conventions of last Saturday gave him such a lead that he has since been considered master of the situation. There were conferences of the leaders in Cincinnati and Columbus that are expected to result in an agreement when all the leading candidates and their managers meet here. Aside from the head of the ticket there is sure to be scenes of lively contests for the six other nominations, as there is a dozen aspirants for each place and the conditions do not indicate the possibility of a state.

There are no differences over the platform, but there are hot contests for places on the state committee, which will hold over for the presidential year.

Preparations were made for escort and reception of John R. McLean on the arrival of the Baltimore and Ohio express at 1:30 from Cincinnati. Colonel James Kilbourne, the leading candidate against McLean for the gubernatorial nomination, and party expected to take the same train as it passed through Columbus about 11 a. m. When the Kilbourne managers who are here learned that the local committee had arranged demonstration for McLean and none for Kilbourne they telegraphed the latter not to come till on a later train.

They say McLean can have the escort of his cohorts and of the Zanesville committees and they will get up a parade of delegates to escort Colonel Kilbourne from the depot to his hotel. The McLeanites are so confident that they seem to be working for a desirable alliance for second place and still continue soliciting the Kilbourne advance guard to accept the second place. It is said that Colonel Kilbourne will not entertain such proposition and some of his workers were indulging freely in the abuse of McLean, insisting that he can not be elected, still insist that Kilbourne may be nominated after they have demonstrated to the delegates what would confront McLean after his nomination. The fight for the committees tomorrow will settle everything in advance of the convention.

Pope Is Interested.

New York, Aug. 28.—A dispatch from Rome says his holiness, the pope, is deeply concerned about the war in the Philippines. He has communicated his anxiety to the Rev. Father Reamey, chaplain of the Olympia. In the plainest possible terms Leo expressed a strong desire to see peace established between the United States and the natives, and said that he contemplated the opening of negotiations with the United States government with a view to regulating the position of Catholics in the Philippines.

WEATHER FORECAST.—Generally fair to-night and Wednesday.

AMERICAN manufacturers are jumping on to the Administration for alleged discrimination on the part of the Quartermaster's Department in favor of English dealers, in purchasing certain army supplies. Of course the Quartermaster denies it, but all the same they are kicking.

"Who is General Buckner supporting?" was asked.

"Oh, he's for Taylor; he's practically in the Republican party now. The General is responsible for two votes, that of himself and one other."

What a come down for Democracy's gallant leader of old! And there are others following in his footsteps.

SCHOOL BOOK QUESTION.

Striking Illustration of the Difference in Indiana and Kentucky Prices.

Prof. Harry V. McChesney, of Livingston, the nominee for Superintendent of Public Instruction, brought with him to Frankfort Friday a striking illustration of the fallacy of the statement of Attorney General Taylor, the Republican standard bearer, in his London speech, that the Indiana cheap school book law is an injury rather than a benefit to the people of that State.

The illustration consisted of two school books, alike word for word and letter for letter, both purchased on the same day, one at a New Albany, Ind., book store for sixty-five cents, and the other purchased at a Louisville book store, the price paid being \$1, the regular price for the book all over Kentucky.

Prof. McChesney has thoroughly studied the school book question and will do much valuable work on the stump. He says that no State in the Union has ever been able to secure cheaper text books without first fixing a maximum price for such books just as the Chinn School Book bill, indorsed by the Democratic party, proposes to do.

Prof. McChesney will furnish copies of the Indiana and Kentucky books to a number of the Democratic campaign orators.

Ex-Governor Brown's Prophecy.

[Frankfort Argus.]
Four years ago in this city at the conclusion of Governor Brown's valedictory on retiring from the Executive chair, he spoke as follows:

"Never since I first voted have I ever faltered to the party call, and I want to say, although we are to-day participating in the inauguration of Republican supremacy—in the name of Democracy, in the name of that party I loved and cherished in youth and manhood—I tell you Democracy is not dead, but sleeping. (Great applause.) Not dead, but sleeping, and four years from now—take my word—we will rally, and we will come from the lanes and the valleys and the brush, and you will on this spot witness the inauguration of the supremacy of the party. (Great applause.) You will be called back here to witness the supremacy of the party in this glorious State. I bid you adieu."

Miss LIDA BERRY will resume her music class September 11th. Persons desiring instruction will please apply at her residence, 215 West Second street.

TEACHERS' INSTITUTE.

The Annual Session Began Monday at the Maysville High School,

With Prof. J. C. Willis of Lexington as Instructor—Subjects Considered First Day—The Enrollment.

The Mason County Teachers' Institute opened Monday morning at the High School Building, with Supt. Blatterman in the chair. The teachers were all highly pleased to meet Prof. J. C. Willis, of Lexington, in the capacity of Instructor. Prof. Willis will be remembered as the Instructor some five years ago, so many of the teachers are somewhat familiar with his most excellent methods.

After singing from Gospel Hymns, the Instructor gave an interesting and instructive opening address, discussing at considerable length, "The True Aim of Education and the Objects and the Responsibilities of the Teachers," ably illustrating by diagrams as he proceeded with his talk.

The afternoon session opened with roll-call by the Secretary Mr. Clarence Martin, followed by singing, "Crowning Day." The discussion of "School Management, and The Motives of Teachers" was the first topic.

"The Motives of the Teacher" was discussed by Mr. I. S. Kay, who closed with the remark that he believed that the principal motive that led men and women into the profession of teaching and kept them there was the desire to do good.

He was followed by Mr. W. H. Hicks who discussed the subject of "Physical Qualifications."

Mrs. Clara K. Allen gave an interesting talk on "Moral Qualifications."

The subject of "Intellectual Qualifications" was ably discussed by Mr. Wilson of Lewisburg, who made a strong plea for a higher and broader education of the teachers. He was followed on the same subject by Mr. E. Griffith.

"The Social Qualifications of the Teacher" was discussed by Miss Greenow.

The subject "School Sites and Grounds" was discussed by Supt. Blatterman.

He was followed by Mr. C. E. Turnipseed who gave a vivid description of the school house of several years ago and ably contrasted it with our school houses of the present day; while far from being what they ought to be they are certainly a vast improvement on what the school houses were a few years ago. He was followed on the same subject by Mr. Connelly and by Miss Lottie Wood.

The subject of "The Teachers' Library" was entered into in a lively manner, Mr. Grimes giving useful points on what should be found in the library.

Mrs. Calvert discussed the subject, "Kindergarten Methods."

Mr. Frank Owens gave plans for starting a district library.

Mr. Woodward gave a talk on "The Uses and Abuses of the Textbooks."

Mr. Ragenstein gave a talk on one of the branches of "Organization," namely: "The Seating of Pupils," which called forth one of the most amusing discussions of the afternoon.

After recess, which was followed by singing "Onward, Christian Soldiers," Prof. Willis gave an instructive talk on "Advanced Reading," reading several selections and calling on the teachers for criticism. In teaching "Reading" he made a strong plea for a complete and thorough knowledge of the subject matter in hand.

"Spelling," the last subject considered for the day, was discussed by Mr. Martin, who gave methods of teaching pronunciation; Mr. H. Thomas, who discussed written and oral spelling, and Miss Murphy, "The Use of the Dictionaries."

After arrangements for to-day's program the Institute adjourned to meet again this morning at 9 o'clock.

The enrollment shows the following teachers in attendance:

Miss Jessie Allison,	Miss Bessie Allison,
Miss Annie Hudson,	Miss Violet Graham,
Miss Alice McDaniel,	Miss Lottie Wood,

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and I thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

THE LATE W. F. HEWINS.

Additional Particulars of His Death Last Week at Bethel, O.—Son of a Wealthy Nebraskan.

Dr. Anna B. Hewins, the dentist, has returned from Ohio, where she was called a few days ago by the sudden death of her divorced husband, W. F. Hewins. His death occurred at Bethel, O., and not at Williamsburg, as first stated. Williamsburg is the nearest telegraphic point to Bethel, and this accounts for the statement first published.

Deceased was a graduate of the Milwaukee College of Medicine, and belonged to a wealthy Nebraska family. His father, S. E. Hewins, of Norfolk, Neb., was at one time estimated to be worth at least \$100,000. At present he is said to own property valued at \$50,000.

Dr. Hewins was thirty-eight years of age, and leaves two brothers, Frank, who resides at Evansville, Ind., and Homer, who is a commercial traveler and lives in Minnesota. He also leaves one sister.

As in the case of many other bright young men, Dr. Hewins fell a victim to strong drink. He struggled bravely to overcome the habit, and finally took a course of treatment at the Keeley Institute in Illinois a few years ago. After leaving this institution he got along nicely for some time, but again fell and his dissipation at last forced his faithful wife to bring suit for divorce, which was granted her at the last term of the Mason Circuit Court.

He had been in Bethel two weeks when he was taken ill. For four days he lay in a high fever. Shortly before the end came, he awoke and hearing some one in an adjoining room imagined that it was his wife and begged to be allowed to go to her. Then he spoke of their little daughter Hazel, and with her name the

last on his lips he peacefully breathed his last.

On reaching Bethel, his wife notified his parents and then had the body embalmed and laid to rest in the cemetery near by.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonials as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

LONG TRIP AWHEEL.

Two Cincinnatians Reach Maysville After a 400-Mile Run Through Kentucky.

Two Cincinnati wheelmen who had been enjoying a long run through Kentucky reached Maysville last Saturday morning, and spent the forenoon at the Central Hotel. They were Mr. George H. Fitch, Assistant Superintendent of the Cincinnati Y. M. C. A., and Mr. William Nimmo, whose father is a wealthy Queen City wire goods manufacturer.

The young men had been "roughing it" on their long journey and wheels and riders were travel-stained and dust-covered on arriving here. They left Cincinnati August 16th, going by boat to Louisville, and from the time they left the latter place until they arrived here they had not eaten a meal except what they cooked on their camp stoves.

From Louisville the rest of their trip was made awheel, and among the places visited en route were Barilstown, New Haven, Hodgenville, Mammoth Cave, thence back by way of Greensburg, Campbellsville, Lebanon, Harrodsburg, Lexington, Paris, Blue Lick Springs and Maysville. Their cyclometers showed a journey of 400 miles awheel. Their last camp was this side of Blue Lick Springs Friday night. Saturday morning they were up early and made the run to Maysville in time to take breakfast at the Central, their first meal in a hotel since leaving Louisville.

Their camping and cooking outfit and supplies were strapped to their wheels, and made quite a lot of luggage. They enjoyed their outing hugely, and had taken a great many snap shot views of scenes along their journey as mementos of the trip.

At this point they separated, Mr. Fitch going to Tollesboro to spend a few days with his parents. Mr. Nimmo purchased a skiff here and made the rest of his trip home by river.

THE M'CHORD BILL.

How It Would Operate to the Benefit of the People.

Would Prevent Unjust Discrimination on the Part of Railroads—A Democratic Measure.

"From the foundation of the commonwealth to the present time the statute law has fixed the charge which every tollgate keeper might exact from the citizen for travel on a turnpike road. From the foundation of the commonwealth to the present time the law has controlled the charge that every ferryman might exact for carrying the citizen over a waterway. Why is it that railway corporations should be above the law?"

"The Louisville and Nashville Railroad company exacts from the people of Hardin county more to carry freight than it exacts for carrying freight between Louisville and Nashville, more than four times the distance. That company exacts more for carrying coal from the Earlington mines, in Hopkins county, to Madisonville, in the same county, than it exacts to carry coal from these mines through Madisonville. In the same train, and drawn by the same locomotive engine, to Evansville, Ind. The Chesapeake and Ohio Railway company charges more for carrying coal from the Carter county mines to Mt. Sterling than it charges to carry coal from those mines through Mt. Sterling to Lexington. The Louisville and Nashville Railroad company charges more to carry freight over the Kentucky Central division from Cincinnati to Falmouth and Cynthiana than it charges to carry freight to Lexington. These are examples of a practice that is followed by railroad corporations all over the commonwealth wherever there is not competition by rail or water. At noncompetitive points railway freight charges are made in accordance with the axiom of railway management once expressed by Mr. William H. Vanderbilt, and also according to the rule enunciated by Mr. Collis P. Huntington, namely, 'All that the traffic will bear.'"

"In the last report to the congress the United States interstate commerce commissioners declare it to be essential to the preventing of extortion and discrimination by railway corporations in interstate freight carrying that power be conferred upon that commission to fix maximum rates. And in that report the result of the want of this power by the commission is declared to be:

"A gross discrimination between individuals and gross preferences between localities, which almost always favor the strong and oppress the weak. Probably no one thing today does so much to force out the small operator and build up those trusts and monopolies, against which law and public opinion alike beat in vain, as discrimination in freight rates."

"Many of the states have such laws as was contemplated by the McChord bill, among them Nebraska. The contest with reference to this matter in Kentucky is substantially that which Mr. Bryan fought in Nebraska to obtain lower freight rates for the people of that state and to prevent favoritism between individuals and localities. The Nebraska railroad commission, under the law of that state, fixed maximum rates for railway freight carrying. The railway corporations contested in the courts the validity of the law conferring the power to fix rates upon the commission, and also justness of the rates fixed. That litigation was carried to the supreme court of the United States, and there the Nebraska law was adjudged valid, but the cause was remanded for the fixing of a greater rate than that fixed by commission, which the court adjudged to be too low. In that contest the people of Nebraska were represented by their attorney, Mr. William Jennings Bryan.

"The decision in the Nebraska case was rendered after the adjournment of the general assembly that passed the McChord bill. That decision establishes the proposition that was affirmed by the advocates of the McChord bill in the discussion concerning it, namely: That by conferring upon a railway commission the power to fix maximum rates no wrong can come to railway corporations, because a maximum rate unfair to them is fixed the courts will prevent its enforcement. So that the claim of Governor Bradley, made in his veto message upon the McChord bill, that it is dangerous to confer upon the railroad commission power to fix rates, is wholly unfounded. [Applause.]

"The other objection to the McChord bill most frequently made by railway managers and apparently concurred in by the Republican party leaders in Kentucky is that the subject of railway rates and discrimination and extortion is one with which only experts are fitted to deal, and that therefore the matter must not be submitted to a railroad commission, which may be composed of ordinary citizens. This is the same argument that the single gold standard advocate makes upon the free coinage question. He, too, says this is a profound, an occult question. I have studied it, and you have not; leave it to me, and I shall attend to it for you."

"The people of Kentucky pay annually many millions of dollars to the railway corporations. The present state of the law leaves it within the power of railroad managers, by means of extortion and discrimination, to destroy the business of some communities and persons and to build up that of others at will. No such uncontrolled power should reside anywhere in a freegovernment."

BERNARD.

Miss Mary Crosby, of Cincinnati, spent several days with relatives in this neighborhood last week.

Our young people are enjoying the protracted meeting at Mill Creek.

Mrs. Collis, of Orangeburg, visited the family of James Curtis last week.

Miss Julia Van Arsdell, of Flemingsburg, is here visiting relatives this week.

Miss May Wood, of Maysville, has returned home after a pleasant visit to Miss Annie Wells.

Miss Bessie Mitchell returned to her home this week after a delightful visit to Miss Carolyn Long.

Miss Pet Trimble and brother visited friends at Fern Leaf last week and attended the German-town fair.

Mrs. J. E. Ethell nee Mayne White, of Muncie, Ind., arrived Monday on a visit to her mother. She was accompanied by little Gertrude Emily Ethell.

There are some women who seem to be perennially youthful. The grown daughters are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health. What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this marvellous health and beauty may be told in brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased, the whole body must suffer. "Favorite Prescription" dries the debilitating drains, heals ulceration and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made "robust and rosy cheeked" by the use of this marvelous medicine.

How the Brown Boomers Worked to Secure a Crowd for the Bowling Green Meeting.

FRANKLIN, KY., August 26—About a hundred people, representing every shade of political belief, went from this place to-day to attend the Brown speaking at Bowling Green.

Agents paraded the streets with hats full of tickets, offering them free to any one who would go to swell the crowd at Bowling Green. Loyal Democrats were indignant, and a number of those who have been lukewarm in their support of Goebel are now vigorously at work for the Democratic ticket. There were never over fifty bolters in this county, and a number of those have announced their intention of supporting Goebel since the developments to-day.

S. D. Neely, a wealthy retired merchant, who had been against Goebel, was offered a free ticket this morning, and he said that was all he wanted to know about the Brown bolting movement, and that he would vote for Goebel.

Oysters Will Soon Be Ripe.

New York, Aug. 24.—Dealers say that the season has been very favorable for a good growth of the oyster. A good many of the oysters received early in September will be shipped to the Western markets in cars especially prepared for the carrying of sea food. The supply for the last ten or twelve years has run from 15,000,000 to 20,000,000 bushels, and it is expected that in the coming season there will be not less than 20,000,000 bushels and possibly will run to 23,000,000 bushels.

One Robber Is Dead.

San Francisco, Aug. 28.—The police declare that two of the men who robbed the treasure room of the steamer Alameda of 5,000 sovereigns some time ago have now been accounted for, one of them, Jack Casey, who is in custody, asserting that Jimmie Kelly, an alleged associate in the crime, is dead.

PAYING THE PIPER.

What the Additional 30,000 Troops Means to the Taxpayers.

[New York World.]

"Those who dance must pay the piper." The dance of death called war is the most expensive of all human—or inhuman—entertainments.

So Mr. McKinley is finding out. The Tribune's Washington correspondent stated that "the cost of 30,000 additional troops gives the Treasury Department some uneasiness," and intimated that a bond issue or new war taxes must be resorted to. Secretary Gage won't admit this. But as there has been a continuing deficiency in the revenues, and the 30,000 additional soldiers will cost at least \$30,000,000 a year, it would appear that Mr. Gage's optimism refuses to take account of hard facts.

It is admitted that the army is now costing \$500,000 a day, or \$15,000,000 a month, and that the appropriation of \$80,000,000 made by Congress will not, at this rate, last half the year. If it were a war for the national defense or for liberty the people would not count the cost. But a needless, foolish, cruel war of conquest 10,000 miles away is another matter.

LOUISVILLE TOBACCO MARKET.

Liberal Offerings Last Week and Some Improvement on all Grades of Colory Leaf.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 3578 hhds. with receipts for the same period 2204 hhds. Sales on our market since January 1st, amount to 112,988 hhds. Sales of the crop of 1898 on our market to this date amount to 111,298 hhds.

The offerings on our market were liberal again last week and the condition of the market more satisfactory than it was the previous week. Some improvement was shown on all grades of colory tobacco, and the market was without the irregularity which was so conspicuous the previous week. The good grades of leaf sold from \$14 to \$16 75, with nothing real fine on the market. In some localities the late planting of tobacco is suffering considerably for want of rain, but the condition of the crop generally is favorable. The following quotations fairly represent our market for burley tobacco 1898 crop:
